BUSHFIRE RESPONSE PLAN - SCHOOL AND PRESCHOOL

Bushfire Prevention Plan

To be implemented after notification from SEM of emergency warning as advised by CFS/SAPOL or self-initiated evacuation due to impending fire impact.

ACTIVATION OF EMERGENCY EVACUATION

Signal: ATTENTION, ATTENTION. CODE RED ALERT! LEAVE NOW BY YOUR NEAREST EMERGENCY EXIT

All classes stop work and walk orderly to the site assembly point in middle of the oval.

Teacher/SSO to evacuate all rooms/buildings/toilets

Teacher/SSO to turn off air conditioner and if possible close windows and doors behind.

Designated staff to evacuate all rooms in buildings including toilets. Admin staff to take gym keys, school mobile phone and charger, emergency and evacuation folder, asbestos register, medication, Epipens, AED and asthma kits to oval. (Emergency Evac Back Pack)

Students are to assemble in their lesson class, teacher to confirm roll with Daymap mobile app.

Fire warden to confirm with class teachers any students unaccounted for, confirm with Admin staff any staff unaccounted for.

Fire Warden to notify emergency services of unaccounted people and provide SITREP
Principal to order evacuees to move to emergency shelter (school gymnasium) and notify SEM unit 1800 000 279 of SITREP. **When communications are compromised: communication to occur via emergency service personnel government radio network, VIA SAPOL/CFS**

Evacuees to remain under supervision within the gymnasium until the emergency is stated as all clear by SEM or SAPOL. Parents notified that collection of children only if safe to do so.

Any further evacuations can be ordered by SAPOL- SAPOL to obtain transportation. Principal to notify SEM of SITREP. Parents/carers arriving to collect students are encouraged to stay with evacuees. Students are recorded as left in roll

Debrief and review evacuation plan.
